It can be intimidating to use a website. It might not look professional enough to be seen as a reputable business. The work involved with maintaining a website can also seem like more than they can handle. Why does that worry you? The truth is that you don't have to have a web presence to compete with larger competitors. You just have to make sure that you offer a good product or service, and that you are always willing to meet the needs of your customers. This may include offering online ordering. If you're offering this service, you need to
