"Das waren aber nur wenige Vorklänge. Durch die (einige Kilometer) Langsamkeit wurde mir schon klar, dass einige Instrumente nur in dem einen Ton gesprochen werden können, der sie vielleicht einfach am zweckmässigsten macht. Beim Lied der Berliner Kammermusik von Mozart ist das einer der Vorklänge." Concerto Maggio (Berlin Woodwinds Soloists) | Record Label: DGG. Released on: 2017-07-06. Liner notes: Deutsch/English. - "Recorded in the Berliner Philharmonie," Berlin Woodwinds Soloists was the result of a two-year-long commission by the Berliner Philharmonie. In just 18 minutes, the expert musicians of the orchestra play the complete suite for the solo woodwinds. The audience will hear sounds that differ from each other not only in tempo and dynamics, but also in instrumentation. The three solo instruments – the flute, the English horn, and the bass oboe – are accompanied by six solo instrumentalists: flute, clarinet, bass clarinet, bassoon, bass recorder, and bass. The orchestra also plays the exact same composition, but in the form of a concerto with a shorter solo part. The concerto parts are in the conventional forte and piano reductions and contain the solo parts played by the flute, English horn, and bass oboe. The score is completed by the addition of the complete orchestra and solo parts. The fact that the CD comes in a digipak format and is aimed at the high-end market is reflected in the high-quality mastering. The sound represents a perfect combination of high-end studio quality and live room tone, with a convincing presence of the woodwind instruments.
